Signature Series™

Sommelier Victoria James

Warm + Cool

Signature Series is a refreshing addition to the Tuscany Collection with renowned sommelier, Victoria James.

In collaboration with Victoria's world-class expertise, we developed two carefully thought out wine glasses with thinner lips to allow you to coat your palate and naturally thin bases for perfect swirling and aeration. The glass elevates your wine-tasting experience with every sip.

It's simple: instead of matching your glassware to the grape, focus on where the wine was created.

For warmer climates, where more sunshine means more richness, we crafted a glass with a deep bowl to allow the wine to breathe.

In cooler climates, the aromas are more delicate, so we designed stemware with a smaller opening to capture every detail in the wine.

Look for the icons etched on the foot of the glass so you know which is for warm region wines and which is for cool region wines.

Each style is available in a two-piece set, a four-piece set or a four-piece mixed set that includes two for each region. Don't know where your wine came from?

Ask your local somm!

Lenox + Victoria

This is the start of a new collection between Lenox and Victoria James, who at 21, became the youngest sommelier in the country.

A leading female voice in a male-dominated field, Victoria worked her way up through some of the most prestigious restaurants in New York City.

She is currently the Director of Beverage and partner at Michelin-starred Cote in New York and Miami.
