UPDATED AUGUST 2021

WHAT'S **NEW** IN 2021

Now more than ever, consumers are looking for products that meet the current design and lifestyle trends that allow them to feel truly at home. Based on in-depth research, we align our new products around trends to meet consumers' functionality, durability and design needs.

The 500-watt **Precision Pro Digital Stand Mixer** powers through any mixing task in a large, 5.5-quart bowl. 12-speed digital dial includes 7 preprogrammed recipes and 3 food prep settings. Orbital mixing system ensures thorough mixing. Whisk, flat paddle, dough hook, and splash guard with pour spout included.

CFP-800

Experience all-in-one versatility with 3 attachments that seamlessly convert the innovative **Kitchen Central** from an 8-cup food processor to a 40 oz. blender to a high-performance juice extractor. A turn of the dial makes it easy to operate, with a 500-watt motor to prep, blend, and juice to perfection.

TOA-26

Introducing the all-in-one AirFryer toaster oven that combines compact design with full-size features for complete versatility.

The **Compact AirFryer Toaster Oven**

AirFries foods to a crispy, golden brown with less oil. Plus, do much more with 6 cooking functions, adjustable temperature up to 450°F, and light-to-dark toast shade settings.

The **AirFryer Toaster Oven with Grill** lets you enjoy all your fried favorites without the guilt. AirFry up to 3 lb., bake a 12" pizza or 4 lb. chicken, or toast 6 slices of bread. Choose from a variety of cooking options for endless versatility – including the new dedicated grill function with reversible grill/griddle plate.

TOA-70

TOA-95

This spacious **AirFryer Toaster Oven** combines 0.95 cubic feet capacity, exceptional versatility, and countertop convenience. Custom AirFry settings and presets cook favorites with all the flavor and less oil, or choose among the endless additional cooking functions – from Roast to Toast, Slow Cook to Broil, Bake, Dehydrate and beyond. Adjustable time (up to 72 hours) and temperature (80°F to 450°F) settings ensure precision cooking.

DGB-2

Get the perfect cup of coffee, just the way you like it – fresh-ground or your favorite pod with the **Grind & Brew Single-Serve Coffeemaker**. The built-in conical burr grinder grinds full-flavored goodness right into the HomeBarista® reusable filter cup. Compatible with any brand of single-cup serving, including Keurig K-Cup® pods.*

Make coffee for a crowd or a quick cup for one with **Coffee Center® Brew Basics**. This innovative programmable coffeemaker brews a 12-cup carafe or a single 8-, 10-, or 12-ounce cup. Compatible with any brand of single-cup serving, including Keurig K-Cup® pods.*

SS-12

SS-GB1

Two brewers, one unit! **Coffee Center® Grind & Brew Plus** brews a carafe of fresh-ground coffee or a single pod for a quick cup for one. The built-in grinder produces up to 12 cups of drip-brewed coffee, and the single-server brewer is compatible with any brand of single-cup serving, including Keurig K-Cup® pods.*

* K-Cup is a registered trademark of Keurig Green Mountain, Inc. Cuisinart is not affiliated with Keurig Green Mountain, Inc.

CHW-16

The 12-Cup Coffeemaker & Hot Water System provides two-in-one convenience, with a full-size coffeemaker and a hot water system side by side in one sleek, compact design. The coffeemaker offers programmable ease, and two water reservoirs let you brew coffee and dispense hot water – at the same time or separately.

Hot, fresh coffee ready when you are! It's easy with the **12-Cup Programmable Coffeemaker**. Preset up to 24 hours in advance for coffee on your schedule. Dual filters ensure the freshest, fullest flavor, and the warming plate keeps the carafe warm for 2 hours after brewing.

DCC-1500

DCC-1170BK

Brew hot, fresh coffee with full, dual-filtered flavor and no fuss. The **10-Cup Thermal Classic Coffeemaker** features 24-hour brew start, 1 to 4-cup options, and Brew Pause™, which lets you enjoy a cup, mid-brew cycle, with no drips. Thermal carafe keeps coffee warm for hours!

CJE-2000

The **Combo Juice Extractor/Citrus Juicer** provides endless juicing variety in one innovative unit. Extract maximum juice from your favorite fruits and vegetables, or use the reamer to make refreshing citrus drinks with 3 pulp settings. Drip-proof spout pours right into the 3.5-cup pitcher.

Craft your own fresh-made juices from fruits, vegetables, wheat grass, sprouts, and nuts! It's simple with the **Juice Fusion EasyClean Slow Juicer**. The masticating auger produces less heat to retain full flavor and nutrients. The filter has no mesh, so there's no mess!

CSJ-300

CBJ-450

SmartPower® Duet Compact Blender & Juice Extractor Combo with 450-watt peak motor brings together two essentials for nutritious and delicious beverage variety. The juice extractor easily extracts the maximum amount of juice from fruits and vegetables. Attach the 16-ounce blending cup to whip up smoothies you can enjoy on the go by using the flip-top travel lid.
