- A new “Manta Ray” theme is incorporated on the dials for these special edition “King Turtle” and “King Samurai” models.
- The dial expresses the Manta Ray’s view of the world from 5 meters under the sea featuring gradations of the ocean colors, that are produced by variations in sunlight and a stamped pattern symbolizing the wave surfaces as viewed from underwater.
- Upgraded with ceramic bezel and sapphire crystal with anti-reflective coating and magnified date or day/date window.

AUTOMATIC DIVER

- Extension to the successful "Arnie" watch which was a modern interpretation of historical H558-5000 Diver's model from 1982, which was world's first Hybrid diver with an alarm and chronograph.
- Originally gained renown from multiple expeditions to Mount Everest, but gained a cult following from its use in several movies from the 1980s.
- In the new intro for 2020 this is combined with the "Safari" fashion theme that had a resurgence of popularity in recent seasons.
- Analogue and digital display make it versatile for both diving and any outdoor activity.

THE ORIGINAL H558-5000

- The new intro is inspired by a more playful cocktail theme – A bar you would visit on vacation in casual attire, rather than a formal cocktail lounge.
- The pressed pattern on the dial is reminiscent of light reflected on a vintage cocktail glass and an Arabic typeface inspired by a font printed on a vintage bottle kept on a shelf.
- Slightly smaller, sleeker case size to reflect the current trend.
